

Rubber Strips in a Box

These open cell rubbers have a much finer consistent cell structure. Used in folding carton and corrugated on long runs at the fastest speed.

Color	Hardness	Specs
White	30 ± 2°	7x7x1000mm
Red	35 ± 2°	7x7x457mm
Gray	35 ± 2°	7x7x457mm

Pre-glued Rubber Strip

These are outward ripple wave sponge rubbers. Easy to use and reduces MAKE READY time.

Color	Hardness	Specs
Red	20 ± 5°	7/8/9/10x300x380mm (Sheet)
Green	30 ± 5°	7/8/9/10x300x380mm (Sheet)
Blue	20 ± 5°	7/8/9/10x300x380mm (Sheet)

Moose Rubber Sheet

These open cell rubbers have a much finer consistent cell structure. Used in folding carton and corrugated on long runs at the fastest speed.

Color	Hardness	Specs
Rhino Gray	35 ± 1°	7x1000x1000mm (Sheet)
Red 600	35 ± 1°	7x910x950mm (Sheet)
Tan 200	15 ± 1°	7x910x950mm (Sheet)

Hard Profile Sprint Rubber

70 shore hard profile sprint rubber(White) 60 metres per box. Helps diecutting performance. Reduces cutting dust. Helps prevent burst nicks. 100 Pieces per box.

Decription	Height	Width	Length
7.3mm Standard	7.3mm	7mm	600mm
5mm Narrow	7.3mm	5mm	600mm
3mm Narrow	7.3mm	3mm	600mm

Cork Rubber Sheet/Strip

65 shore hard rubber 650mm long strips. Used mainly on gripper edge and common rules.

Decription	Height	Width	Length
7mm Standard	7mm	7mm	650mm
5mm Narrow	7mm	5mm	650mm
3mm Narrow	7mm	3mm	650mm

Vulcan Rubber

Closed cell Vulcan range have micro-cellular polyurethane elastomers for high compressibility, by collapsing its structural height with minimal influence to increase its width. This unique characteristic allows its use in narrow slots without bursting the rule.

Height	Width	Length
7mm	Any	250mm
6mm	Any	250mm
5mm	Any	250mm
